Sharing Community News

FROM THE ENFORCEMENT TASK FORCE

Shelley Glass

Our community is 40 years old now and some of our resident plantings, over time, have become extremely overgrown, infiltrated with vines, or have died. We want to remind our owners to check your property for landscape violations and remove dead plants and cracked or raised edging material. Make sure that your plantings are far enough away from the stucco of your home as this can hide structural issues that can cause major expense.

Prevent your plants and shrubs from pressing against fences causing them to become damaged and unsightly. These situations are outside the scope of our landscape contract and need to be addressed by the owners.

Thank you for making a difference!

Among her many accomplishments were modeling in Paris in the 1950s; working at the Cinecitta film studios in Italy in the mid-1960s; writing screenplays; and being a vice president for television at 20th Century Fox in the 1970s. MIRACLE AT DB MEDICAL CTR.

MANNY BANDEL

On Sunday March 24, 2019, my wife, Evelyn felt very weak and was running a little temperature. She started to tremble. We took her to Delray Medical Center Emergency Room at 6 pm.

Her temperature continued to rise to 102° and her blood pressure dropped to 70/40. The next day, her temperature went up to 104° and pressure was 60/30. She was put into the CCU unit as the doctors searched for the cause of an infection that was making her ill.

The CCU Doctor and Nurses were very attentive and did a wonderful job of caring for my wife. After rounds of antibiotics, the infection cleared and she was transferred out of CCU. She was still very weak but she survived, thanks to all the professional caring doctors and nurses who treated her at the Delray Medical Center.

Hope no one needs their services but I wanted to share the outstanding care she received.

FROM THE MASTER BOARD PRESIDENT . . .

Lois Wiesler

On April 9th, four board members, six committee chairs, our FSR property manager, assistant property manager, regional director, and the Master Association attorney participated in the annual Board Certification course. It is a requirement for new board members and is a way to learn our

responsibilities, any law changes, and to answer our questions. There is always something to learn.

Primarily we learned that the board is responsible to “make decisions and set policy.”

Rainberry Bay is governed by two Statutes: 720 which covers Homeowner’s Associations and Statute 617 which governs Not For Profit Corporations. In our session we discussed a few changes to the statute. One change is that once-capped violations (originally a maximum of \$1000) now has no cap for HOAs. We also have always mailed a draft budget in advance of our annual budget meetings but that is no longer applicable for HOAs though it remains a law for Condos. We will continue to mail out a draft with the meeting announcement.

We were advised that “every association must” establish a budget, set aside funds for future community maintenance (our reserves), collect assessments for common expenses (it’s the same for all three associations), and enforce our rules and regulations.

Board responsibilities include reaching a consensus on policy and direction for the community. That does not mean we will all agree on everything but we will support the decision that the majority of the board chooses. The board also assigns volunteers to various committees. As of this writing we still have some committees in need of volunteers. The community counts on you!

The board still has projects in the works and we’ll keep you posted.

*Change will not come if we wait
for some other person or some
other time. We are the ones we’ve
been waiting for. We are the
change that we seek.*

MOVIE OPERA BALLET

FRIDAY, MAY 3

1:00P

Macbeth

Giuseppe Verdi

Verdi's first collaboration with Shakespeare, *Macbeth* was created relatively early in Verdi's career. Exhorting his librettist, Verdi complained, "This tragedy is one of the greatest creations of man... If we can't make something great out of it, let us at least try to do something out of the ordinary." They succeeded.

SUNDAY, MAY 5

7:30P

Mary Poppins Returns

Emily Blunt, Lin Manuel Miranda

Decades after her original visit, the magical nanny returns to help the Banks siblings and Michael's children through a difficult time in their lives.

FRIDAY, MAY 17

1:00P

Otello

Giuseppe Verdi

Verdi was 75, and sixteen years had elapsed since his previous opera, *Aida*, had premiered. The world thought he was finished. "And then one evening at the Scala in Milan the tremendous, dissonant opening chord of *Otello* came crashing out, that blow of a giant's fist, smashing the stone of the tomb. 'I am here still! Italian opera cried'"

SUNDAY, MAY 19

7:30P

If Beale Street Could Talk

KiKi Lane, Regina King

This isn't a happy film but it isn't a hopeless one, either. The most striking thing that you'll take with you is that Baldwin's novel was written 44 years ago, but it's just as timely now. Not much has changed for people of color, which probably wouldn't surprise the author. And yet, he'd demand we not give up.

FRIDAY, MAY 31

1:00P

Falstaff

Giuseppe Verdi

The master's final opera, written when he was 80, and bursting with vitality, humor, and humanity. "These lies are like their father that begets them, gross as a mountain, open, palpable," wrote the Bard, proving once again that he speaks to every age.

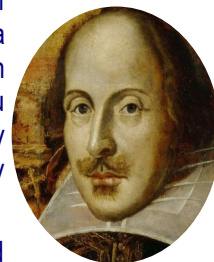

Rainberry Bay Classics

"THE DARLING BUDS OF MAY"

Michael and Sandra Cantwell

There can be little argument that William Shakespeare was the greatest writer in the English (and arguably any) language – or that Giuseppe Verdi is at or near the top of everyone's short list of the greatest of all opera composers. Put them together and you have... Rainberry Bay Classic's May schedule.

Both artists were also committed humanists. No one expressed the human condition more fully or beautifully or spoke more to the ages than did "Gentle Will," and Verdi was a revolutionary dedicated to the unification and liberation of the Italian nation.

Most of the many operas based on Shakespeare are failures but Verdi had three solid successes (*Macbeth*, *Otello*, and *Falstaff*), the final two of which are masterpieces. They will be screened at the Rainberry Theatre, on May 3, 17, and 31, respectively. Further details in the listings to the left.

SUMMER BOOK DISCUSSION

- ♦ June 6: **KAREN APRILL** will lead on *Best State Ever* by Dave Barry.

MEET YOUR NEIGHBORS: . . . ROGER KEROACK

Phyllis Gordon Berke

Bon Appetit everyone. Roger has been cooking for guests since the age of six at his family's hotel the Hotel Newport in northern Vermont. Roger had to stand on milk crates to reach pots and pans and the sink and grill. He cooked hot dogs, hamburgers and French-fried potatoes and also worked the dishwasher.

The Hotel Newport was a stopover for entertainers who traveled from Miami to Canada before the interstate highways were built. Before Roger was born, Louis Armstrong and Les Brown and the Band of Renown stopped there.

Although the life of a chef is brutal, Roger loved it. Typically a chef works 60 to 80 hours a week and is in charge of the kitchen. Roger and his wife, Lori, put off marriage for twelve years because of the long hours and holiday schedules.

For 10 years Roger was the executive sous chef at the world famous Griswold Inn in Essex, Connecticut. He fed over a million customers including Alan Alda, Gary Burghoff and Loretta Swit of the TV show MASH who were visitors at the inn. Billy Joel and Christie Brinkley were there many years ago. She had a scallop salad but didn't eat the scallops. He had the 1776 sausage sample plate.

Meryl Streep was there with her parents for the Sunday Hunt breakfast which was all-you-care-to-eat. Andre Agassi had the kitchen remove his lobster from its shell so he wouldn't injure his hand before a tennis tournament. Roger also remembers that Dan Rather ate a medium rare New York strip steak with a cabernet sauvignon and Brian Dennehy enjoyed lean snacks and sea chanty music in the tap room.

Roger and Lori finally married when he became the Director of Operations at another Connecticut gem, the Crown Supermarket and Catering establishment in West Hartford. It is the largest kosher market in New England. Roger supervised a staff of over eighty employees. For sixteen years he and Lori lived a normal life after his grueling 60-80 hours a week in restaurants.

Roger was proud of his work attendance record. In 36 years he missed a total of three days. Two years ago, Roger was hospitalized for 108 days at St. Francis Hospital in Hartford. He lost fifty pounds. He had to learn how to walk and talk and to build up his muscles which were totally atrophied. He had physical therapy for three months but when he got home his real therapy was a return to cooking. His style of cooking required lifting heavy pots and pans and loads of foodstuff. Plenty of donuts and ice cream also contributed to his recovery.

Nowadays, Roger and Lori both work in Delray Beach. Roger is the chef at the Symphony of Delray Assisted Living and Memory Care facility on Atlantic Avenue across from the new Publix near us. Lori works in real estate on Fourth Avenue downtown. They previously lived in North Miami Beach and discovered Delray Beach by

accident. After being stuck in rotten traffic on I95 one rainy day they exited east on Atlantic Avenue and were enchanted by what they saw. They fell in love with the liveliness and energy and spirit of the downtown area.

Roger and Lori rented their Miami home to their daughter, Jessica, who is legally blind. Jessica is a teacher who gives orientation and mobility lessons to legally blind children. Their other daughter, Holly, is in pre-fab home sales in South Carolina. Roger and Lori have a Yorkshire terrier, Paisley, who loves the beach. They were used to going to Haulover Beach in Miami where dogs are allowed. Let's hope there is a closer beach for Paisley to visit.

Roger is an upbeat kind of guy and fun to be around. He lives by the golden rule and considers the day he was born as the most thrilling day of his life, Saint Patrick's day 1962.

FROM THE HOMES BOARD

Karen Clouser

I won't be discussing landscaping this month because money in our pockets is far more valuable than some landscaping tips. Florida law, Chapter 720, which defines rules for Homeowner Associations, has made some changes as to how we can collect delinquent maintenance fees. But . . . we need to have them incorporated into our Documents. How are we going to do this? We are inviting you to a Party.

On Wednesday, May 15, 2019 at 7:00 p.m. at the Clubhouse Auditorium, a Special Meeting of the Homes Residents will be held. At this meeting, the proposed Amendments to the Declaration of Restrictions and Protective Covenants will be considered. **Pizza, drinks and dessert will be provided to those Homeowners who are in attendance.**

In keeping with Chapter 720, the following needs to be changed in our Documents in order for us to recoup the maintenance fees due to us.

Currently, Chapter 720 allows us to recoup delinquent fees from foreclosed properties ONLY if that right is included in our Documents, which it is currently not. When this amendment passes, we will be able to collect from homes that are in foreclosure, bank-owned homes, and those who are delinquent in their HOA maintenance fees.

What does this mean to us homeowners? In the past we could only collect one year of maintenance or 1% of the sale of the home. When this is changed in our documents, we can recoup the actual amount owed. **That means if someone is in arrears for 4 years and the yearly HOA was \$4,000, we would receive \$16,000 instead of \$4,000. Just remember, if we cannot collect the money, YOU will pay for their non-payment through increased HOA fees!**

That is why it is so important for us to pass this amendment regarding past due HOA fees.

We are also asking you to approve an amendment which would allow us to make changes to our Documents with a simple majority vote (50% + 1) instead of the current 2/3 vote of all Homes residents. This

is not a new concept as many HOA's have adopted this. This will allow us to amend our Documents more quickly so we can keep up with new laws as they are continually changed by our Legislators.

You should have received a letter in the mail asking for your vote. If you are still in Delray Beach and can come to the meeting on May 15, you can drop off your proxy or vote by ballot and have some pizza on us. If not, we earnestly request that you mail in your proxy with a **YES vote in the enclosed stamped envelope.**

Also indicate which Board member you want to assign as your designated proxy and be sure you sign the proxy form. We need 2/3 of the Homes members to vote in order to pass either of these document changes.

Everyone needs to vote!!!

IN THE LIBRARY: STOCKING THE STACKS

Andrea Baron

At the mammoth New York Public Library there are over 5 million books and 1.7 million e-books in the collection. So, how do they decide what books and how many books to add? There are 16 professional librarians who are responsible for selecting the 476,000 books, 75,000 e-books, and 18,000 audiobooks they added last year.

They don't get to read or listen to all of them, but they rely on reviews and publications to decide which books to buy. Our Rainberry Bay library shared some of the last year's bestsellers with NYC, with *Becoming* by Michelle Obama, and *Crazy Rich Asians* by Kevin Kwan, at the top of our requests in past months.

However, it's much easier to get a book into our library - any reader can request a title to be ordered. If you would like to add a book and it's of general interest to the community, just fill out a slip in the library. Joan will use your requests to make our monthly orders for new books and DVDs.

One of the new books coming in is also about libraries. It's *The Library Book* by Susan Orlean. (Orlean is the author of *The Orchid Thief*, which was made into a movie.) It's about many aspects of libraries: the great fire that destroyed the Los Angeles Library and its impact on the city, the library as an institution and its place in Los Angeles, the history of libraries and the people who work in them. It may sound dry, but Orlean presents it in a very personal and fascinating package. As the Washington Post reviewer said, "Everyone who loves books should check out *The Library Book*."

I heard Susan Orlean speak recently at a well-attended session of the Palm Beach Book Fair, where she revealed that she wrote much of the book in her home study. At one point, she needed to work elsewhere, and thought about heading to Starbucks. Ironically, only near the end of the process did she realize that she could work peacefully and productively at her local library, where she completed the book.

One of our new DVDs is also based on a great book. The movie, *The Wife*, starring Glenn Close, is a terrific and timely story of the role of the wife of a famous author and his Nobel Prize win. It's based on the book by Meg Wolitzer, and is a great portrait of the ambitions and sacrifices made by women, as well as the culture of academia. The performance by Glenn Close is terrific. Look for it in our library, along with other books by Meg Wolitzer.

Knowledge is free at
the library. Just bring
your own container.

CLASSES AT Brainberry U:

Joyce Poses

MAY SCHEDULE

Because there are only so many hours in a day, and because we are all simply human, and because there is just no possible way that we can ever do everything that we want to do, and especially do EVERYTHING well – we must make choices.

Some of the hardest, most difficult choices we will ever have to make are the choices between two things that we want very much, both things that make us happy and bring good and happiness into our lives.

Sometimes we only have time for ONE of those things. This is a hard part of life. We must always carefully choose how to spend our time, who to spend it with, and what to spend our time doing. Please don't beat yourself up when you have to say no, or even when you have to walk away. Remember that what you are ACTUALLY doing is saying YES to what is most important, what can never be replaced and what is meant for you and for your life. And sometimes saying yes to all of those things leaves room for nothing else. Life seasons change, and someday there may be more time. But if your most important things are taking up everything you've got right now, please let yourself say no to everything else.

And Brainberry U. offers a variety of choices for the summer.

See you in class, Joyce

Keeping Us Green and Informed

GREEN COMMITTEE:

Char Lane

We had a very successful shredding event, three really good hazardous waste collections and great community presentations in the 2018-2019 season. Thank you for participating and supporting the Green Committee. If you have hazardous waste items and don't want to wait until our December collection, take them (and large televisions) to SWA's facility just south of Linton at 1901 SW 4th Avenue Mon-Fri 7AM-5 PM or Sat 7 AM-3 PM.

Plastic straws cannot be recycled. Delray Beach, along with Fort Lauderdale, Deerfield Beach and Miami Beach, has banned plastic straws in restaurants starting next year. If you prefer to not use paper straws, consider a stainless steel or silicone straw. Many come with a carrying case and brushes.

Boynton Beach is offering a recycling discount, free advertising and other incentives to restaurants that reduce the usage of Styrofoam, plastic straws and other plastics. Boca Raton has not banned plastic straws but is looking at ways to encourage a reduction in the use of plastics. Some Boca restaurants have switched to paper straws.

Unfortunately, in March 2019, Florida enacted a five-year moratorium on local laws that ban plastic straws.

Think about your green activities and consider joining the Green Committee. We welcome everyone and all new ideas. Our 2019-2020 meetings will be on the 1st Wednesday of the month from September through April at 4 PM in the arts & crafts room of the clubhouse. The January 2020 meeting will be on the second Wednesday.

If you're replacing flowers or shrubbery, please consider using native plants. See the Green Committee page of the website or contact us for additional information.

Keep recycling in the blue (*plastics, glass and cans*) and yellow (*papers and cardboard*) bins!

Go GREEN → Recycle - Reuse - Reduce - Rethink

2018-19 ANNUAL COLLECTION

Ann-Marie Blondin

The Block Captains are very happy and proud to report that the annual collection for Delray Beach Police and Fire departments had another successful year due to your generosity. Rainberry Bay will be able to donate \$2,000 each to the Police and Fire Departments.

I have already advised my contacts at the Police and Fire department of this generous amount that was collected. As soon as I hear from them, I will advise you of how they intend to spend this donation.

THANK YOU to those RESIDENTS who supported the collection with your generosity and to the BLOCK CAPTAINS who gave their precious time and major efforts for this annual Rainberry Bay tradition.

We continue to accept donations throughout the year – just place them in the Block Captains mailbox located next to the library in the Clubhouse or give me a call and I will gladly pick it up from you.

Happy Spring!

WELCOME PARTY

Karen Wells

Last month, the Block Captains Welcoming Group (**SUSAN JONES, NANCY EFFRAIN**, newcomers themselves), **ANN-MARIE BLONDIN, HELEN SOHNE** and the Beacon welcomed about fifty new residents into our fold. Light snacks, cheese and wine were provided in a cocktail party-like setting. The emphasis was placed on getting to know one another as well as learn about Rainberry and the advantages to volunteering.

The Board was represented by **LOIS WIESLER** who welcomed everyone. Many of the committees and clubs sent representatives so that newcomers could get questions answered and learn about the opportunities in their new community. Thanks to **ANNE BARRON, SHELLEY GLASS, GLORIA GOLDMAN, DIANE KLUSNER, ANN LAFORTUNE, FRANCESCA PULERA, JOLIE TRABIN, CHARLIE HARRELL, CHAR LANE, VINNIE ARDILLO, ANN-MARIE BLONDIN, DEB PETERS, MIKE KLEIN, MARCIA FIELDS, IRV SCHULMAN, HELEN & BOB SOHNE, DAVE KULICK, and PHYLLIS ZINER**, the night was lively and informative. We look forward to doing this again next year.

Keeping Us Involved

KEEP YOUR PRIORITIES STRAIGHT...

Joel Speiser

As the devastating financial crisis boiled over in early 2008, 85-year-old investment banking firm Bear Stearns was the first to fall. On the evening of March 13th, 2008, the senior management team—with one notable exception—scrambled in New York to secure short-term funding and maintain liquidity so that the firm could continue to operate. They failed. On March 14, Bear Stearns crashed and, with the backing of the New York Federal Reserve Bank, was acquired by JP Morgan Chase for the fire-sale price of \$2.00/share, and Bear Stearns was no more. The notable exception? CEO Jimmy Cayne, who was playing in the North American Bridge Championships in Detroit. He didn't join the discussions to try to save the company until the match was over (he came in fourth).

Of course, I'm not suggesting that everyone should take bridge so seriously! But it is a fascinating, challenging, addicting game, incredibly enjoyable at all levels of play, from the rawest of rookies to the most experienced of experts.

Our last meeting of the season was a wonderful event. The program about **Molly Picon**, presented by **LEON BROWN**, gave us an inside view of the actress' life since he knew her personally. We all enjoyed the program and Leon did a great job in his presentation.

We would like to thank our hostesses, **SARA TODD & CLAIRE MAZEN** for all the work they did this season. Thanks to **PHYLLIS FISHBONE**, our greeter who collected the dues and to **DEBBIE SILVERSTEIN**, our Jewish events reporter and email coordinator who also prepares the flyers. Special thanks to **GLENN TODD** for his help with the flyers and to **MARLENE BECKER** for her help.

I would like to thank all our members & guests who made this year such a success by attending our meetings and events.

Thanks to the Yiddish conversation group for trying to keep the language alive. We are looking forward to a new season & hope you all join us.

Have a wonderful summer here at Rainberry or wherever you spend vacation time. Hope to see you in October.

21ST CENTURY CLUB

Mike Klein

Our last show, The Flyers, was every bit the rockin' group we thought it would be. In fact every show we've had this season has been a wondrous success. Up next in our "after season" line-up on Friday May 24th (Memorial Day weekend), will be *Sha Boom*. They are an oldies group that will take you back to the 50's and 60's singing all of your favorites.

We heard that you wanted diversity in our programming, so here's your chance to jitterbug til you drop. We've also heard that some of you think that the volume is a little too loud at our shows, so we have asked the performers to turn down their amps a little so everyone can enjoy the show. But just remember Rock and Roll concerts tend to be on the loud side.

On July 4th we are planning to have a pool party BBQ to be held at Pool 5 from 6:00p-9:30p. In the past we have asked folks to bring a dish to share. This year we will be BBQing hot dogs, hamburgers, and chicken. No need to bring a dish. We have a DJ lined up, so you can eat, dance, swim or just schmooze with your neighbors.

Tickets will be sold in the theater Monday and Thursdays 4-5pm. **THERE WILL BE NO TICKET SALES AT THE DOOR.** Tickets are \$16 per person.

Sounds like **FUN, FUN, AND MORE FUN!!!**

BOOK REVIEW:

A Gentleman in Moscow

Susan Sussman

On Thursday, April 4, we were treated to an excellent discussion and review by **ROZ APPELL**, for the book "A Gentleman In Moscow" by Amor Towles.

The book tells the story of Count Alexander, an unrepentant aristocrat under house arrest for 30 years at the Hotel Metropol in Moscow. He was a gentleman of erudition and cleverness. The book conveys life in Russia during the mid-20th century. We are introduced to the Count's lover and numerous friends throughout this period. Roz filled us in on many facts during this time with her extensive knowledge of Russia. Her presentation elicited comments from our audience, many of whom had visited Russia.

We realized how in step we were when the author was interviewed recently at the Hotel Metropol on the Sunday Morning Show on CBS on March 31. It appears many tourists who have read the book are anxious to visit the hotel which still stands.

Refreshments were generously provided by **JOYCE VOGEL** and **KIM RUDOLPH**, celebrating the end of the season. See you in the fall at our first discussion, Nov. 7, 2019, for "Where the Crawdads Sing" by Delia Owens.

REUSE, REPURPOSE . . .RID YOUR HOME OF PESTS

Lois Wiesler

ANTS

1. Borax or dry yeast mixed with syrup or molasses. Boric acid is toxic for humans to eat, but will not do harm to people if left in an inconspicuous place. The taste of the boric acid is masked by the syrup and the ants eat it up only to die later.
2. Baking soda and powdered sugar - ants love any kind of sweets and this mixture makes an irresistible (yet deadly) food source for the ants.
3. Dish soap, baking soda, and water mixed together makes a solution which is toxic to ants but safe for humans. Place small bowls of it or spray it on trails or entrance sites.
4. Table salt when sprinkled will kill them if ingested
5. Cloves oil can kill ants, while dried

cloves act as a strong-smelling deterrent.

6. Cornmeal - This common cooking ingredient can kill ants slowly because their bodies cannot digest it. This is not a quick fix as it takes time, but is entirely non-toxic. Some folks have also had success with oatmeal.
7. Coffee grinds - Sprinkled over their anthills prevents their scent trails from directing them to food.

Want to keep them outside? Try any of these:

- Vaseline makes paths too tricky for the ants to cross.
- Lemon juice-soaked cotton balls deters ants with its acidic smells
- Peeled garlic, cucumber or orange peels, baby powder, bay leaves or

peppermint and vinegar are all smells ants will avoid.

- Chalk lines are temporary but ants won't cross the lines easily.

PESTY FRUIT FLIES?

Good Housekeeping

magazine recommends using a dish with apple cider vinegar that has been partially sealed with plastic wrap. The flies can't resist the vinegar, and once they enter the plastic wrap, they won't be able to leave the dish.

You can also try the dish soap method - fill a shallow dish with water, vinegar (to attract them) and dish soap (which will drown them). You can also add a little fruit juice for extra attraction. You may need to change the dish often.

Keeping Us Active

RIDING WITH THE BIKE CLUB

Monique Goudreau

Last month's Bike Club activities held many truly delightful surprises!

- ◆ Just a few short miles from RBB, we saw up to 30 peacocks, including albinos and males with their beautiful courting feathers fanned out;
- ◆ We had a surprise encounter with our tennis pro, Christy Cherry, partner Bob and her dog, Cooper, in a park at Lake Osborne;
- ◆ An interesting presentation focusing on native plants and butterflies when we biked to Green Cay and joined the Green Committee;
- ◆ Our sunrise bike rides to Wakodahatchee where we saw birds doing their morning rituals and watched the hatchlings grow week by week;
- ◆ We rode to Delray's "All Peoples Day/Diversity Festival" to enjoy the festivities, and enjoyed the visits to the French Café for special coffees and pastries.

Peacocks nearby.

Maybe the best was saved for last!!! The April 7th ride to West Palm Beach was fantastic! We Tri-Railed to and from WPB for \$5 taking our bikes with us on the train. We biked on both sides of the Intra-Coastal and right beside the ocean, viewing stately mansions, the luscious landscapes and seascapes, winding up at the Palm Beach Inlet for a rest stop. There, Debbie & Eric startled us, and all the other people at the pier, by jumping into the inlet for a refreshing swim! After the ride, a Panera lunch was enjoyed at the bustling City Place Mall which was, coincidentally, hosting a mega craft fair.

Thanks to all who participated in the activities this year. Next meeting is Dec. 14, 2019. Bring your ideas for the 2019-2020 season!

ON THE BOCCE COURT

WORK AND PLAY – THAT'S THE BOCCE WAY

PLAY -- Bocce Club members had a lot to celebrate in March and April.

- ◆ Following a successful Pizza Party on March 12 with over 80 attendees, the courts have been filled to capacity for evening and morning games.
- ◆ In addition, we celebrated our best year yet in the Palm Beach County Bocce League, falling just short of a trophy. The annual League dinner was held on April 6 at Avanti Restaurant in Lake Worth with over 200 in attendance. Rainberry Bay was represented by 29 Bocce Club members who enjoyed an evening of fine food and dancing.

WORK – Our members have been busy these past few months doing upgrades in the bocce court area.

- ◆ Many volunteers were involved in the landscaping improvements noted in last month's Beacon.
- ◆ In addition, a shout out goes to **JIM CARLIN, MICKEY GANNON,** and **BILL SHIMKO** for their hard work in building ball holders on both courts.

Ball-rack builders.

The Bocce Committee is looking to make needed improvements to the courts in the future as this Rainberry amenity continues to grow in interest.

Even though many of our snowbird players are heading north (you'll be missed), the number of permanent resident members is increasing. With Bocce Club membership exceeding 120, there is still plenty of room on the courts for new players. Work or play, you'll have a good time. Join us.

PICKLEBALL

Steve Bodner

Our pickleball program has continued to grow this year with new players joining the fun every week. If you haven't tried pickleball yet come on over during open play and see what it's all about.

A pickleball club is in the planning stages to promote special events and interclub play.

We recently got new switches for the court lights so that nighttime players don't need to worry about the timers running out during play. We are also working on getting the proper amount of water on those courts to ensure a safe playing surface. We are hoping that a new timer will allow us to consistently water twice daily.

You may have noticed that we have adjusted the hours of open play, trying to find the best times to accommodate the largest group of players. Players are encouraged to set up their own games any other times.

The open play times for the next few weeks are:

**Tuesday and Thursday
evenings from 6-8,
Wednesday and Sunday
afternoons 4-6**

"There are really only two requirements when it comes to exercise. One is that you do it. The other is that you continue to do it."

TABLE TENNIS CLUB

Helen Sohne

The Table Tennis Club has existed in Rainberry Bay for many years, and with good reason. Table Tennis is fun, aerobic, promotes eye hand coordination, and stimulates the brain. If you love tennis, pickleball or other outdoor sports and want to get out of the heat and sun in the summer months, it's a great time to try Table Tennis. We are a friendly and fun group of people ready to welcome you.

Who plays? We run the gamut from very experienced and somewhat competitive players to beginners. Some are returning to an activity they enjoyed in their youth. We would be happy to assist you in the learning process and have enough tables to accommodate beginners.

The club meets in the auditorium of our clubhouse on Monday and Wednesday from 12:00 PM to 2:00 PM and Friday from 10:00AM to 12:00 PM. Please remember to wear your sneakers, and if you have a paddle bring that too. We have extra paddles and balls for you to use.

Join us to play or to watch. We look forward to seeing you!

RAINBERRY BAY TENNIS CHAMPIONSHIPS

PAUL BARRON

The 7th annual community tennis championships were held March 29-31 at the Tennis Center. There were six doubles divisions and 55 players participating, a 14% increase from 2018. Most players competed in two events in formats that allowed players to play every day. The quality of play and player enthusiasm gets better every year.

The winners follow:

- ◆ Women's A Doubles:
- ◆ Men's A Doubles:
- ◆ Mixed A Doubles:
- ◆ Women's B Doubles:
- ◆ Men's B Doubles:
- ◆ Mixed B Doubles:

LESLIE GOTTSCHALK & VICKI SALVO
LOU ULERY & GARY BRAUNSTEIN
LINDA DAGENAIS & AL MUCCI
MICHELLE DODSON & TANYA DAGENAIS
BILL BROUGH & HARRY SCHNEIDER
KAREN LAGO & DAVE SAKS

The players thank Tennis Director **CHRISTY CHERRY** for her support and leadership. Special thanks go to **NUSHA MOSCOWITZ** for providing "Nusha's Great Greek Salad." The tournament committee is especially thankful to **Allen Glass Law** and the Rainberry Bay Tennis Club for their financial support.

ON THE TENNIS COURTS

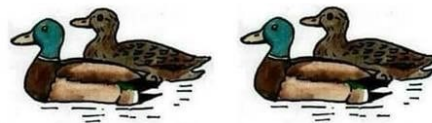

Dave Kulick

As we say "So long" to the snowbirds who are beginning their annual migration north, we celebrate Women's teams 3 and 7, who narrowly lost in the finals of the Palm Beach Senior Tennis League. That's quite an accomplishment. The men's teams narrowly missed the playoffs and we're all looking forward to extracting our revenge next season.

On the home front, the tennis club has begun using YourCourts.com for displaying the court assignments as well as scheduling special events. We can get email notification of our reservations as well as view the schedule on any device or smart phone. It also gives us the ability to send notifications of court conditions in a timely manner. They're working on sending text messages as well. We're also showing the YourCourts.com schedule on the Tennis Information Channel (channel 63 on Comcast) for people who don't have internet or smart phones and it will be accessible through our website, MyRainberryBay.com.

We're setting up the schedule of events for next season and we'll let you know as soon as we know.

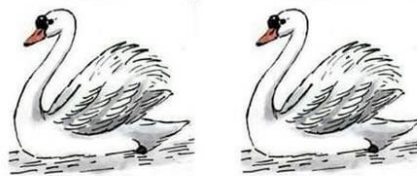

Please don't kill us with bread !

Bread is actually a danger to us ducks and other water birds

It causes Angel Wing which can make our feathers grow too quickly. This strains our muscles and can stop us flying.

Our friends the swans develop fatal gut and heart disease

Bread is bad for our water environment. It rots, and pollutes the water.

This allows bacteria to grow and encourages rats. It causes algal bloom which gets into our lungs and kill us birds.
